

Family Fun UN-FEST 2021

May 6th – May 16th 11 Days of virtual Discovery

in conjunction with REMAKE LEARNING DAYS
NORTHWESTERN PA

Activity: Outline the Human Body

Learning Theme(s): SCIENCE

Provided by: IUP NURSING

Supplies and Instructions

SUPPLIES

Chalk and a sidewalk or
Paper and a marker

INSTRUCTIONS

Have the child lay down on the sidewalk or on a piece of long paper the size of the child. An old tablecloth could also be used.

Outline the child.

Have the child draw the body systems like the nursing students demonstrated.

Talk about the different body systems, their role in our health and ways to keep our body healthy.

You may also allow the child to draw their own features like hair, a smile, etc. Participants could also add a positive thought about the child like she is nice.
